

MEASUREMENT GUIDE

by

st michael's fashions

1) Jacket length

Start the measurement from the middle of the shoulder, straight down till the thumb knuckles

If u dnt like the jacket too long then take where you wanted to have ... Optional

2) CHEST MEASUREMENT

Take the measurement from the widest point of the chest, Wrap the tape all the way around the chest and 2 fingers inside like in the picture

3) WAIST MEASUREMENT

**Measure the widest part
of the waist, Around the
waist, always keep your 2 fingers
inside the tape plss**

4) HIPS MEARSUMENT

**Mearsure the widest part
of the hips,
pls see the picture very carefully
the back tape has to be in the
middle and from the biggest part
And dnt forget 2 fingers inside the
tape ..**

5) SLEEVE MEARSUMENT

Make sure the arms is straight .

Mearsure the length of the arm

**Starting from the point where you ended
up the shoulder , Till the thumb's first
knuckle....**

**Or depend on your self how long
you like to have sleeve lenght till**

6) SHOULDER MEASUREMENT

Shoulder : Use your fingers to find the point where your shoulder ends, and the arm begins. Take these two point and connect them with the measuring tape, sloping over the shoulder .

8) NECK MEASUREMENT

**Neck: Wrap the tape around base of person's neck.
Measure down to where the collar bones meet
and leave room for comfort,**

9) LENGTH MEARSUMENT

**Start the measuring from the waist band
(u can see in the small picture)
till the bottom of ankle ..**

10) CROTCH MEASUREMENT

Crotch: Start measuring from the front take all the way down to the back wards u can see in the small picture, this part try to wear slack then you can see the crotch very well, then jeans
